

# SUMMIT HEALTHCARE Meeting Patient and Community Needs

For over 40 years, Summit Healthcare Regional Medical Center has been deeply committed to providing healthcare as an essential community service for the people in our area. As a non-profit hospital, any net income is reinvested into facilities, technology, and healthcare services to ensure our facilities are up-to-date and our equipment is state-of-the-art. This is an investment in the health of our community.

## PROVIDING COMPASSIONATE CARE IN 2010, SUMMIT HAD:
